## **Altova to Showcase XML and Web Services Tools for Development on the BEA WebLogic Enterprise Platform**

ORLANDO, Fla.— BEA eWORLD 2003 CONFERENCE—March 3, 2003— Altova, Inc. (<http://www.altova.com>), maker of XMLSPY 5, the industry's top XML Development Environment, will be showcasing its XML and Web services tools for use in conjunction with the BEA WebLogic Enterprise Platform™ and BEA WebLogic Workshop™, at BEA eWORLD 2003, BEA's (Nasdaq: BEAS) 8<sup>th</sup> annual technology conference in Orlando, Fla.

Software developers today are building the next generation of standards-based, scalable, Web services applications, yet the power of Web services often comes at a price of increased complexity. Developers demand simpler ways to complete their projects on time and without defects. XMLSPY 5 for editing and debugging XML is an essential tool for all software engineers because it has the power and flexibility to create and work with all XML applications.

"We are very excited to be working with Altova, as XML productivity is a critical aspect of the BEA WebLogic Enterprise Platform", said Byron Sebastian, vice president and general manager, WebLogic Workshop and Portal Group, BEA Systems. "Altova's leading XML development environment, XMLSPY 5, in conjunction with BEA WebLogic Workshop, can greatly accelerate and simplify the development of enterprise-class Web services and any application using XML."

Altova will be exhibiting in booth 104, March 2-5, 2003. Altova engineers will be staffing the booth, demonstrating the newest features in the recently updated XMLSPY 5 and AUTHENTIC 5.

### **About Altova, Inc.**

Altova, Inc. is a leading provider of XML software solutions with offices in Beverly, MA and Vienna, Austria. The privately held company was founded in 1992 and has been actively involved in the XML market from the early conception of Extensible Markup Language. Altova's XMLSPY 5 is the leading choice of Fortune 500 and Global 1000 companies. Altova's XMLSPY 5 product line is the world's best-selling XML tool and has won the leading industry awards including PC Magazine's Editor's Choice Award and Best Product of 2002. Altova is a technology partner with the world's leading software companies including BEA, Microsoft, Oracle, IONA, and Software AG. Altova is a member of the W3C and WS-I.
